It's been many months in the waiting, but we're pleased to launch The Magor Players' new web site.

The plan is that this site becomes a home not just for The Magor Players but for everybody in Magor, Undy and the surrounding villages; a social place to share our community. Features at or near launch include:

-
News about upcoming events and other things happening in the area

-
Information about The Magor Players past and future shows

-
Biographies on our cast and crew

-
Discussion forums

Eventually we aim to setup online ticket sales, though this may not be for a while yet.

Please take a look around the site. We hope you like it! Your feedback is very welcome!
